VICTIM OF SHOOTING

Attempt Made by New Yorker to Assassinate Only Living Ex-President

People living along the Monongahela valley who expected to see and hear Col. Theodore Roosevelt, the only ex-president of the UnitedStates living were startled this morning together with the rest of the world by the news that an attempt had been made at Milwaukee, Wis., to assassinate him. It is not unlikely that his stops along this valley on his trip October 24 will have to be cancelled as a result.

Col. Roosevelt was shot as he was leaving the Gilpatrick Hotel in Milwaukee for an auditorium where he was to make a speec. The bullet lodged in his chest, well on his right side and the wound is not considered serious. The bullet was extracted after theColonel had been taken to Chicago.

John Schrank, of New York City was the man who did the shooting, according to his own confesion. Schrank says he has followed Roosevelt about over the country since about September 21, attempting to shoot him. He says he had a dream in which the lamented Presidenet McKinley appeared to him, telling him it was not Czolzogz who killed him but Roosevelt. Schrank stated he looked upon Roosevelt as a menace to the country after the Republican convention in Chicago. His ideas to that effect were more pronounced after the third party movement had been launched. Schrank was born in Bavaria and is 36 years old.

Col. Roosevelt's strenous campaigning was not stopped by the bullet which was intended to lay the Bull Moose Presidential candidate low, but was rather fostered. He continued to the auditorium and made his speech. By showing his shirt all wet with blood, he created a sensation. The progress of the bullet was arrested by a heavy manuscript and a spectacle case which he had in his pocket.

The local Roosevelt leaders along the valley have not received any word regarding the Colonel's trip. Their plans have been somewhat confused. They will probably learn more of the Colonel's condition today.

Good Travel Picture.

A remarkably interesting travel picture was shown at the Palace Theatre last evening, which was highly enjoyed by the large crowds which attended this popular house. The film was entitled. "In the Heart of Cashemere," and it gave more real information in geography and the manners and customs of the people than could be learned in a full school term.

Rummage Sale Starts Thursday.

MERCHANTS PROFIT BY LIMERICKS

Unique System for Advertising is a Power for Good

NEW IDEAS ADVANCED

If you have not written a Limerick in the Charleroi Mail's Limerick Contest you are an exception, for nearly everybody for miles around has tried a hand in this delightful employment for the mind. Just five weeks of the Contest have now elapsed and the interest this week is greater than it has ever been before.

The prizes this week are awarded as follows:

Miss Ellen P. Clark, one dollar prize for Limerick published in advertisement of John B. Schafer, manufacturing jeweler.

Miss Marie L. Whitehead, one dollar prize for Limerick published in advertisement of Piper's Drug Store.

The merchants represented in the contest find that there are several different advantages in this original plan of advertising. One is that people come to their store to get pointers that will work into Limericks. Another is that their names are becoming so familiar to Mail readers through the contest that they can find sales direcly credited to this form of advertising. One merchant—a shoe dealer—cites an instance where a customers from up the river having made a purchase stated that she had been attracted to that paricular place owing to the fact that it had become indelibly impressed upon her

PURCHASES HOUSES TO REPLACE STREET

Pennsylvania Railroad Takes Action Requested by North Charleroi Council---Borough Business Attended To

Borough Solicitor D. M. McCloskey reported to the North Charleroi council at a meeting held Monday evening that the Pennsylvania Railroad company had promised to replace a street claimed by the borough to have been occupide by the railroad. He stated that work had actually been started, and that the company was getting ready o move houses. A request was made by council some time ago that the railroad replace the street. Solicitor McCloskey took up the matter with hem. They have purchased some of the houses necessary to move and have three yet to acquire.

Solicitor McCloskey gave an opinion as to the validity of an ordinance passed a week ago by council for the paving of Fourth street from the school building to Center avenue. He stated it was invalid because the ordinance had not been properly advertised. This advice to council was to the effect they start anew on three paving ordinances recently passed, in order to make them perfectly legal.

Adjournment was taken after the sentiment of the four members present had been given as in favor of taking up again the three ordinances. Members of council present were: President David Schafer, Samuel Gaskill, Davis Woodward and T. P. Sloan. Absentees were Councilmen John I. Cope, John Myers and Herman Nebulung.

M. E. & W. ST. RY. PROPERTY SEIZED

The Washingon Record states that at the suit of S. C. Markell Constable R. S. Frye has seized the property of the Monongahela, Ellsworth and Washington Street Railway company at Monongahela. The suit is for a debt of several years standing and the company claims that they do not owe it that the debt was contracted by a former company. They will undoubtedly carry the matter to court. Constable Frye levied on a pile of rails belonging to the company. The suit was entered some time ago and judgment secured. At that time the office furniture and fixtures were sold but did not realize the amount of the indebtedness, hence the second levy. The matter came from the office of Alderman A. R. Day.

WANT AUTO TRUCK FOR CO. SEALER

Inspector Cannot Do Efficient Work Without Quicker Transportation

MUST HAUL WEIGHTS

The borough of Washington was honored on Saturday by the presence of two weights and measures men whose reputation is nation wide. They were City Sealer Murray G. Livingston of Pittsburg, president of the Pennsylvania State Sealers' association and J. C. Connors of New York a special representative of W. & L. E. Gurley of Troy, N. Y. They visited Sealer O. Evans Mikesell and called upon County Commissioners Berry and Barnum and incidentally met other county officials. They inspected the local sealer's equipment and pronounced it as good as any other in the country.

After commending the county commissioners for their insight into the needs of the people by appointing a sealer of weights and measures Mr. Murry said:

"Your sealer ought and will have to secure an automobile truck to carry the equipment about the county and bring back confiscated scales, weights and measures. The inspection, to be efficient, must come often and at times when the dealer is unaware of the inspector's coming.

"Travel by other means is too slow an inconvenient. That is just as necessary as the office equipment.

"If each and every individual in your county could for a moment have visited my storage rooms and looked upon five tons of all kinds of devices for shortweighting the public there would be such an awakening here as would insure a quick and effijcient inspection."

Mr. Connors, who accompanied Sealer Livingston, was for 12 years city sealer of Cambridge, Miss., before connecting himself with the Gurley firm of Troy. Mr. Connors said:

"The crusade against false weights and measures in world wide and why not. It is the only reform that affects every mortal being and draws the strings of protection about the family pocketbook.

"Your county has an equipment second to none in the country. You have a large office balance the first of its kind ever manufactured. In this one particular your county is in a class by itself. You must not forget, however, that quick inspection is the secret of success. Your sealer must be able to get about your county rapidly and often. Your county officials have started right. They are to be commended for their forsight in this matter."

Big Crowds at the Coyle.

Large crowds attended the Coyle Theatre yesterday afternoon and evening on the occasion of the presentation of "The Peril of the Plains," a big three reel feature. The Coyle is becoming more popular every week, and the film yesterday attracted capacity houses.

MAIL BULLETINS OF WORLDS SERIES CLOSELY WATCHED

This afternoon the Mail's bulletin from the scene of the world's series game is being closely watched by local fans. Today's game may be the deciding one. If Boston wins, they will become world's champions. If New York wins it will be a heartbreaking struggle tomorrow. New York has two to get to become world's champs and Boston only has one game to win. Matthewson and Wood are the opposing twirlers today. The Mail bulletin service, which is being given through an arrangement with the Charleroi Telephone company is pleasing greatly. The scores are tallied from this point of vantage before they are anywhere else in town.

Was Sorry to Learn of Attempted Assassination of Roosevelt

TAFT BARELY ESCAPED

Bullet Was Prepared for Him in Altoona--Motors to California

"I was very sorry indeed to hear of the attempted assassination of Col. Theodore Roosevelt at Milwaukee," said Gov. J. K. Tener this morning when he visited here preparatory to going to California to participate in the exercises of the inauguration of Prof. W. S. Hertzog at the California State Normal School. "It is bad that such things happen. There was an assassin's bullet prepared for President W. H. Taft at Altoona on the occasion of his recent visit there. Fortunately it didn't land."

Gov. Tener with Mrs. Tener and Executive Controller Samuel C. Todd motored to Charleroi from Harrisburg Monday. They left the capitol city at 7:30 o'clock in the morning, arriving here at about 6 o'clock. Mrs. Tener will spend a few days in Charleroi, but the Governor will return tonight or early tomorrow morning to Harrisbug to look after matters of State. Then he will go to Virginia to participate in the exercises incident to the dedication of a monument.

This morning Gov. Tener with Charles F. Thompson took a trip in the governor's auto out the Bentleyville road to Bentleyville, looking at the various improvements that were being made. At 2 o'clock this afternoon he went to California in his auto, taking along Mrs. Tener, Mrs. Day, T. P. Sloan and Executive Controller Todd. It is probable that the Governor and some of his party will return by train tonight to Charleroi, following a luncheon that will be given in his honor at the Normal school.

In regard to politics, Gov. Tener dictated the following: "There is no reason why there should not be a good vote for the Republican ticket in November. All good Republicans should vote straight. If the workingmen know what is good for them they will vote the Republican ticket. Sentiment is gaining rapidly over the State for the ticket."

Marine Ways Crowded.

THE PERILS OF GREATNESS.

From time immemorial the cowardly and diabolical act of assassination has been employed to remove persons objectionable to individuals, causes or dynasties. The attempt on the life of Col. Theodore Roosevelt is but another of these tragic events, which show the lapses from civilization in attempts to gain poins in causes worthy or unworthy as the case may be. All the world will thrill with horror over this dastardly attempt at assassination. No matter what one's political allegiance may be unworthy and unfair means in a contest must always receive the unanimous condemnation of all right-minded people.

Men prominent in affairs are not exempt from personal violence. It has been attempted in every walk of life, from the petty boss who is waylayed by thugs to the chief executive of the country whose life is attempted by some crank or fanatic. In some instances we see assassination deliberately planned and carried out, as in the dynamiting outrages of the McNamaras and the assassinations of crooks in New York to cover up official crime and corruption, as well as in the personal attempts for revenge, or for the purpose of attaining notoriety. All are in the same category, and all are equally repulsive and horrible. It is because certain elements and individuals give countenance to such methods that they prevail. When the time comes that each and every individual sets the seal of condemnation on such methods, those who are prone to resort to them will find that there is no toleration, and that justice will follow swift and sharp in each particular case.

PENNSYLVANIA SAFE.

Those who lead themselves to believe that the Progressives will carry Pennsylvania, or that the State will go Democratic, have not probably studied the situation very closely. There is nothing to warrant such an assumption except the political desires or wishes of those who make such statements, and as history repeats itself more or less definitely in each campaign, actual conditions give but scant comfort to those who are following the Progressive banner, if they will but view the situation clearly.

In 1906 and 1910 Pennsylvania had three-cornered political fights in which the Republicans won out easily It is true the pluralities were not overwhelming, as in former campaigns when the party was united, but the malcontent Republicans who voted for Emery on the Lincoln ticket in 1906 again voted for Berry on the Keystone ticket in opposition to Governor Tener in 1910, are the ones who are supporting the Progressives this year, and if they have gained in some directions they have lost in others. Pennsylvania is not yet ready to cast aside the principles of protection which have built up her great industries and developed her vast resouces. With jobs hunting men now instead of men hunting jobs, business people and workingmen generally see the futility of swapping horses midway in the stream of prosperity.

PICKED UP IN PASSING

Rev. L. H. Johnson, a New York pastor in a recent sermon gave the following rules to husbands whereby they my be happy though married:

Don't expect too much from your wife.

Don't cast slurs nor mean jests even in fun.

Don't be too touchy of your rights as lord and master.

Don't buy 80-cent candy before you are married and 10-cent candy afterward.

Don't forget that your wife is entitled to some of your money.

Don't expect to go to heaven in your wife's name.

Don't borrow from your wife what you give her to expend.

Don't give your wife a box of cigars for a Christmas present, to smoke yourself.

To these Newton Newkirk, editor of the Bingville Bugle and the "All Sorts" column in the Boston Post, humbly adds a few rules for wives:

Dress to suit other men and be sure your attire will suit your husband.

Accept your husband's value at his valuation of himself—then add 50 per cent.

Pretend to be giving him his own way while getting yours—there's a way to do this.

Tickle his vanity—he's very ticklish in this region.

Don't waste time in looking for wingsprouts on his shoulders.

Do not demand, but diplomatize, diplomatize, diplomatize.

There's a philosopher on the Brooklyn Eagle who goes by the name of Job Hedges, who delivers himself of a series of epigrams, some which are particularly timely now. Some his latest are:

"I have heard a good real about the square deal. I believe in the square deal, but I don't. believe in one man's dealing all the time. I want the cards passed around.

"Politics is the art of handling people in the aggregate without brute force.

"The only trouble with Roosevelt is that he believes he is a necessity to the Aemerican people. I believe he is a luxury and we must be economical these days. You cant look at yourself and see anybody else. That's the answer.

"I believe that the Government is a thing to live under and not live on. That's why I don't belong to Tammany Hall.

Thet rouble with most reformers is that they have a pet remedy you can't take without taking them.

"We're all after the same thing, and that is to get all we can without getting arrested.

"There's nothing the trouble with the country. The trouble's with the people. They're a little excited, that's all.

"Taft is a colossal failure as an advertiser. He has a simple and somewhat revolutionary idea that he was elected to be President."

UP THE RIVER

As a result of some clever detective work on the part of P & L. E. detectives, Robert Glasgow, Ben Dull, Robert Ludian and John McFall, all of Fayette City, have been arrested, charged with breaking open and robbing freight cars. The boys are thought to compose a gang that has been systematically robbing cars along the road. All were committed to court and released on $500 bail each, except Glasgow, who was unable to secure bail.

The Belle Vernon Civic League, which is responsible for the loss of much trade from that town to other outside towns, has elected the following officers for the ensuing year: President, E. L. Sears; vice president, Dr. G. E. Nickel; secretary, John Vance; assistant secretary, L. C. Jeffries; treasure, F .H. Steen.

Rev. and Mrs. Perrin Baker of Belle Vernon have issued invitations for an at home on Tuesday evening, in honor of the 25th anniversary of their wedding. Mr. Baker, has been pastor of the First Presbyterian church at Belle Vernon since 1883.

The Fayette City board of trade is alarmed over the report that the Pittsburg and Lake Erie Railroad company intends moving the old station from its present location to the new site below town and making it answer for the Junction with the Hamers river branch. They have entered a protest and sent a committee to Pittsburg to confer with officials of the road.

A Federation of Adult Bible Classes has been organized at Belle Vernon. Interest in Sunday school work there is making great progress.

It is stated that ten pupils of the Fayette City schools are down with typhoid fever. It is believed the disease was contracted by drinking well water.

The Fayette City schools showed an enrollment of 451 scholars for the first month this year. The same month last year the enrollment showed 461 pupils.

The people of Fayette City are of the opinion that if they had a public demonstration Hallowe'en night they would suffer less damage through mischievous pranks. A movement is on foot to organize a fantastic parade for that night.

Roscoe is to be favored in the near future with a presentation of the celebrated Tom Thumb Wedding. The services of Miss Wilson of Monessen have been secured for this play wihch has been shown in a large number of leading cities with wonderful success. Dates and other information will be brought to the public soon.

District number sixteen of the Washington County Sunday School Association will hold its annual convention at Howe's church near Roscoe on Sunday, October 26, at 2 and 7 p. m. An interesting program has been prepared.

Plans are on foot for the formation of an evening class in beginning French at the California Normal. The class is open to outsiders and will be directed by Miss Noss.

CATTLE CROSSING OVER IRRIGATING CANAL

SCENES ON KUHN'S SACRAMENTO VALLEY FARMS — ORANGE GROVE

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and POULTRY are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

LAUGHTER AND TEARS.

Why an Outburst of the One May Cause a Flow of the Other.

What is laughter and why do tears so often accompany it?

On each side of the throat is an artery called the carotid. At the level of the larynx this divides, one branch, which carries blood to the brain, being called the internal, the other, which distributes blood to the face, being called the external. These two branches are joined about the level of the eyes by the ophthalmic artery, which forms a canal between them. This communication is the cause of the close connection between the brain and the tear glands, between laughter and grief, both of which are generators of tears.

Physiologically, a burst of laughter is nothing but a strenuous effort, like lifting a heavy weight. In both cases the muscles of the throat and stomach contract.

When laughter is excessive the whole body is convulsed: every muscle is contracted. In the place of normal respiration come short intermittent respirations, insufficient to free the lungs from the semi-asphyxia produced by the contraction of the throat muscles. The face shows the congestion of the blood vessels of the head. Apoplexy may in rare cases result. These muscular contractions compress the external carotid, which can no longer supply the brain with blood In consequence this rushes up the internal carotid, which becomes choked and dilated. It can stand the pressure only because the ophthalmic artery relieves it. Taking this route the blood congests the tear glands, which overflow.

Tears are exactly the same as the liquid part of the blood. So it is a fair deduction that the action of crying is equivalent to a certain loss of blood, which relieves the congestion of the brain. This is why women feel so much better after a good cry.

The facial contortions of weeping persons are caused by the automatic contraction of such muscles as are needed to compress the tear glands and so help to squeeze out the tears.—New York World.

WISCONSIN WOMAN'S FORTUNE

Freed From Pain, Weakness, Terrible Backache and Despair by Lydia E. Pinkham's Compound.

Coloma, Wis. — "For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOHN WENTLAND, R.F.D., No. 3, Box 60, Coloma, Wis.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ROOSEVELT'S INJURY MAY CHECK CAMPAIGN

Progressive Party Leader May be Seriously Hurt

VICTIM OF SHOOTING

Attempt Made by New Yorker to Assassinate Only Living Ex-President

People living along the Monongahela valley who expected to see and hear Col. Theodore Roosevelt, the only ex-president of the UnitedStates living were startled this morning together with the rest of the world by the news that an attempt had been made at Milwaukee, Wis., to assassinate him. It is not unlikely that his stops along this valley on his trip October 24 will have to be cancelled as a result.

Col. Roosevelt was shot as he was leaving the Gilpatrick Hotel in Milwaukee for an auditorium where he was to make a speec. The bullet lodged in his chest, well on his right side and the wound is not considered serious. The bullet was extracted after theColonel had been taken to Chicago.

John Schrank, of New York City was the man who did the shooting, according to his own confesion. Schrank says he has followed Roosevelt about over the country since about September 21, attempting to shoot him. He says he had a dream in which the lamented Presidenet McKinley appeared to him, telling him it was not Czolzogz who killed him but Roosevelt. Schrank stated he looked upon Roosevelt as a menace to the country after the Republican convention in Chicago. His ideas to that effect were more pronounced after the third party movement had been launched. Schrank was born in Bavaria and is 36 years old.

Col. Roosevelt's strenous campaigning was not stopped by the bullet which was intended to lay the Bull Moose Presidential candidate low, but was rather fostered. He continued to the auditorium and made his speech. By showing his shirt all wet with blood, he created a sensation. The progress of the bullet was arrested by a heavy manuscript and a spectacle case which he had in his pocket.

The local Roosevelt leaders along the valley have not received any word regarding the Colonel's trip. Their plans have been somewhat confused. They will probably learn more of the Colonel's condition today.

Good Travel Picture.

A remarkably interesting travel picture was shown atthe Palace Theatre last evening,which was highly enjoyed by the large crowds which attended this popular house. The film was entitled. Unique System for Advertising is a Power for Good

NEW IDEAS ADVANCED

If you have not written a Limerick in the Charleroi Mail's Limerick Contest you are an exception, for nearly everybody for miles around has tried a hand in this delightful employment for the mind. Just five weeks of the Contest have now elapsed and the interest this week is greater than it has ever been before.

The prizes this week are awarded as follows:

Miss Ellen P. Clark, one dollar prize for Limerick published in advertisement of John B. Schafer, manufacturing jeweler.

Miss Marie L. Whitehead, one dollar prize for Limerick published in advertisement of Piper's Drug Store.

The merchants represented in the contest find that there are several different advantages in this original plan of advertising. One is that people come to their store to get pointers that will work into Limericks. Another is that their names are becoming so familiar to Mail readers through the contest that they can find sales direcly credited to this form of advertising. One merchant—a shoe dealer—cites an instance where a customers from up the river having made a purchase stated that she had been attracted to that paricular place owing to the fact that it had become indelibly impressed upon her

McCloskey reported to the North Charleroi council at a meeting held Monday evening that the Pennsylvania Railroad company had promised to replace a street claimed by the borough to have been occupide by the railroad. He stated that work had actually been started, and that the company was getting ready o move houses. A request was made by council some time ago that the railroad replace the street. Solicitor McCloskey took up the matter with hem. They have purchased some of the houses necessary to move and have three yet to acquire.

Solicitor McCloskey gave an opinion as to the validity of an ordinance passed a week ago by council for the paving of Fourth street from the school building to Center avenue. He stated it was invalid because the ordinance had not been properly advertised. This advice to council was to the effect they start anew on three paving ordinances recently passed, in order to make them perfectly legal. Adjournment was taken after the sentiment of the four members present had been given as in favor of taking up again the three ordinances. Members of council present were: President David Schafer, Samuel Gaskill, Davis Woodward and T. P. Sloan. Absentees were Councilmen John I. Cope, John Myers and Herman Nebulung.

M. E. & W. ST. RY. PROPERTY SEIZED

The Washingon Record states that at the suit of S. C. Markell Constable R. S. Frye has seized the property of the Monongahela, Ellsworth and Washington Street Railway company at Monongahela. The suit is for a debt of several years standing and the company claims that they do not owe it that the debt was contracted by a former company. They will undoubtedly carry the matter to court. Constable Frye levied on a pile of rails belonging to thecompany. The suit was entered some time ago and judgment secured. At that time the office furniture and fixtures were sold but did not realize the amount of the indebtedness, hence the second levy. The matter came from the office of Alderman A. R. Day.

WANT AUTO TRUCK FOR CO. SEALER

Inspector Cannot Do Efficient Work Without Quicker Transportation

MUST HAUL WEIGHTS

The borough of Washington was honored on Saturday by the presence of two weights and measures men whose reputation is nation wide. They were City Sealer Murray G. Livingston of Pittsburg, president of the Pennsylvania State Sealers' association and J. C. Connors of New York a special representative of W. & L. E. Gurley of Troy, N. Y. They visited Sealer O. Evans Mikesell and called upon County Commissioners Berry and Barnum and incidentally met other county officials. They inspected the local sealer's equipment and pronounced it as good as any other in the country.

After commending the county commissioners for their insight into the needs of the people by appointing a sealer of weights and measures Mr. Murry said:

"Your sealer ought and will have to secure an automobile truck to carry the equipment about the county and bring back confiscated scales, weights and measures. The inspection, to be efficient, must come often and at times when the dealer is unaware of the inspector's coming.

"Travel by other means is too slow an inconvenient. That is just as necessary as the office equipment.

"If each and every individual in your county could for a moment have visited my storage rooms and looked upon five tons of all kinds of devices for shortweighting the public there would be such an awakening here as would insure a quick and effijcient inspection."

Mr. Connors, who accompanied Sealer Livingston, was for 12 years city sealer of Cambridge, Mass., before connecting himself with the Gurley firm of Troy. Mr. Conners said:

"The crusade against false weights and measures in world wide and why not. It is the only reform that affects every mortal being and draws the strings of protection about the family pocketbook.

"Your county has an equipment second to none in the country. You have a large office balance the first of its kind ever manufactured. In this one particular your county is in a class by itself. You must not forget, however, that quick inspection is the secret of success. Your sealer must be able to get about your county rapidly and often. Your county officials have started right. They are to be commended for their forsight in this matter."

MAIL BULLETINS OF WORLDS SERIES CLOSELY WATCHED

This afternoon the Mail's bulletin from the scene of the world's series game is being closely watched by local fans. Today's game may be the deciding one. If Boston wins, they will become world's champions. If New York wins it will be a heartbreaking struggle tomorrow. New York has two to get to become world's champs and Boston only has one game to win. Matthewson and Wood are the opposing twirlers today. The Mail bulletin service, which is being given through an arrangement with the Charleroi Telephone company is pleasing greatly. The scores are tallied from this point of vantage before they are anywhere else in town.

Was Sorry to Learn of Attempted Assassination of Roosevelt

TAFT BARELY ESCAPED

Bullet Was Prepared for Him in Altoona--Motors to California

"I was very sorry indeed to hear of the attempted assassination of Col. Theodore Roosevelt at Milwaukee," said Gov. J. K. Tener this morning when he visited here preparatory to going to California to participate in the exercises of the inauguration of Prof. W. S. Hertzog at the California State Normal School. "It is bad that such things happen. There was an assassin's bullet prepared for President W. H. Taft at Altoona on the occasion of his recent visit there. Fortunately it didn't land."

Gov. Tener with Mrs. Tener and Executive Controller Samuel C. Todd motored to Charleroi from Harrisburg Monday. They left the capitol city at 7:30 o'clock in the morning, arriving here at about 6 o'clock. Mrs. Tener will spend a few days in Charleroi, but the Governor will return tonight or early tomorrow morning to Harrisbug to look after matters of State. Then he will go to Virginia to participate in the exercises incident to the dedication of a monument.

This morning Gov. Tener with Charles F. Thompson took a trip in the governor's auto out the Bentleyville road to Bentleyville, looking at the various improvements that were being made. At 2 o'clock this afternoon he went to California in his auto, taking along Mrs. Tener, Mrs. Day, T. P. Sloan and Executive Controller Todd. It is probable that the Governor and some of his party will return by train tonight to Charleroi, following a luncheon that willbe given in his honor at the Normal school.

In regard to politics, Gov. Tener dictated the following: "There is no reason why there should not be a good vote for the Republican ticket in November. All good Republicans should vote straight. If the workingmen know what is good for them they will vote the Republican ticket. Sentiment is gaining rapidly over the State for the ticket."

THE PERILS OF GREATNESS.

From time immemorial the cowardly and diabolical act of assassination has been employed to remove persons objectionable to individuals, causes or dynasties. The attempt on the life of Col. Theodore Roosevelt is but another of these tragic events, which show the lapses from civilization in attempts to gain poins in causes worthy or unworthy as the case may be. All the world will thrill with horror over this dastardly attempt at assassination. No matter what one's political allegiance may be unworthy and unfair means in a contest must always receive the unanimous condemnation of all right-minded people.

Men prominent in affairs are not exempt from personal violence. It has been attempted in every walk of life, from the petty boss who is waylayed by thugs to the chief executive of the country whose life is attempted by some crank or fanatic. In some instances we see assassination deliberately planned and carried out, as in the dynamiting outrages of the McNamaras and the assassinations of crooks in New York to cover up official crime and corruption, as well as in the personal attempts for revenge, or for the purpose of attaining notoriety. All are in the same category, and all are equally repulsive and horrible. It is because certain elements and individuals give countenance to such methods that they prevail. When the time comes that each and every individual sets the seal of condemnation on such methods, those who are prone to resort to them will find that there is no toleration, and that justice will follow swift and sharp in each particular case.

PENNSYLVANIA SAFE

Those who lead themselves to believe that the Progressives will carry Pennsylvania, or that the State will go Democratic, have not probably studied the situation very closely. There is nothing to warrant such [illegible] except the political desires or wishes of those who make such statements, and as history repeats itself more or less definitely in each campaign, actual conditions give but scant comfort to those who are following the Progressive banner if they will but view the situa-

three-cornered political fights in which the Republicans won out easily It is true the pluralities were not [illegible] campaigns when the party was united, but the malcontent Republicans who voted for Emery on the Lincoln ticket in 1906 again voted for Berry on the Keystone ticket in opposition to Governor Tener in 1910, are the ones who are supporting the Progressives this year, and if they have gained in some directions they have lost in others. Pennsylvania is not yet ready to cast aside the principles of protection which have built up her great industries and developed her vast resouces. With jobs hunting men now instead of men hunting jobs, business people and workingmen generally see the futility of swapping horses midway in the stream of prosperity.

PICKED UP IN PASSING

Rev. L. H. Johnson, a New York pastor in a recent sermon gave the following rules to husbands whereby they my be happy though married:

Don't expect too much from your wife.

Don't cast slurs nor mean jests even in fun.

Don't be too touchy of your rights as lord and master.

Don't buy 80-cent candy before you are married and 10-cent candy afterward.

Don't forget that your wife is entitled to some of your money.

Don't expect to go to heaven in your wife's name.

Don't borrow from your wife what you give her to expend.

Don't give your wife a box of cigars for a Christmas present, to smoke yourself.

To these Newton Newkirk, editor of the Bingville Bugle and the "All Sorts" column in the Boston Post, humbly adds a few rules for wives:

Dress to suit other men and be sure your attire will suit your husband.

Accept your husband's value at his valuation of himself—then add 50 per cent.

Pretend to be giving him his own way while getting yours—there's a way to do this.

Tickle his vanity—he's very ticklish in this region.

Don't waste time in looking for wingsprouts on his shoulders.

Do not demand, but diplomatize, diplomatize, diplomatize.

There's a philosopher on the Brooklyn Eagle who goes by the name of Job Hedges, who delivers himself of a series of epigrams, some which are particularly timely now. Some his latest are:

"I have heard a good real about the square deal. I believe in the square deal, but I don't believe in one man's dealing all the time. I want the cards passed around.

"Politics is the art of handling people in the aggregate without brute force.

"The only trouble with Roosevelt is that he believes he is a necessity to the Aemerican people. I believe he is a luxury and we must be economical these days. You cant look at yourself and see anybody else. That's the answer.

"I believe that the Government is a thing to live under and not live on. That's why I don't belong to Tammany Hall.

Thet rouble with most reformers is that they have a pet remedy you can't take without taking them.

"We're all after the same thing, and that is to get all we can without getting arrested.

"There's nothing the trouble with the country. The trouble's with the people. They're a little excited, that's all.

"Taft is a colossal failure as an advertiser. He has a simple and somewhat revolutionary idea that he was elected to be President."

UP THE RIVER

As a result of some clever detective work on the part of P & L E. detectives, Robert Glasgow, Ben Dull, Robert Ludian and John McFail, all of Fayette City, have been arrested, charged with breaking open and robbing freight cars. The boys are thought to compose a gang that has been systematically robbing cars along the road. All were committed to court and released on $500 bail each, except Glasgow, who was unable to secure bail.

The Belle Vernon Civic League, which is responsible for the loss of much trade from that town to other outside towns, has elected the following officers for the ensuing year: President, R. L. Boyer; [illegible] Secretary, John Vance; assistant secretary, L. C. Jeffries; treasure, F. H. Steen.

Rev. and Mrs. Perrin Baker of Belle Vernon have issued invitations for an at home on Tuesday evening, in honor of the 25th anniversary of their wedding. Mr. Baker, has been pastor of the First Presbyterian church at Belle Vernon since 1883.

The Fayette City board of trade is alarmed over the report that the Pittsburg and Lake Erie Railroad company intends moving the old station from its present location to the new site below town and making it answer for the Junction with the Hamers river branch. They have entered a protest and sent a committee to Pittsburg to confer with officials of the road.

A Federation of Adult Bible Classes has been organized at Belle Vernon. Interest in Sunday school work there is making great progress.

It is stated that ten pupils of the Fayette City schools are down with typhoid fever. It is believed the disease was contracted by drinking well water.

The Fayette City schools showed an enrollment of 451 scholars for the first month this year. The same month last year the enrollment showed 461 pupils.

The people of Fayette City are of the opinion that if they had a public demonstration Hallowe'en night they would suffer less damage through mischievous pranks. A movement is on foot to organize a fantastic parade for that night.

Roscoe is to be favored in the near future with a presentation of the celebrated Tom Thumb Wedding. The services of Miss Wilson of Monessen have been secured for this play wihch has been shown in a large number of leading cities with wonderful success. Dates and other information will be brought to the public soon.

District number sixteen of the Washington County Sunday School Association will hold its annual convention at Howe's church near Roscoe on Sunday, October 20, at 2 and 7 p. m. An interesting program has been prepared.

Plans are on foot for the formation of an evening class in beginning French at the California Normal. The class is open to outsiders and will be directed by Miss Noss.

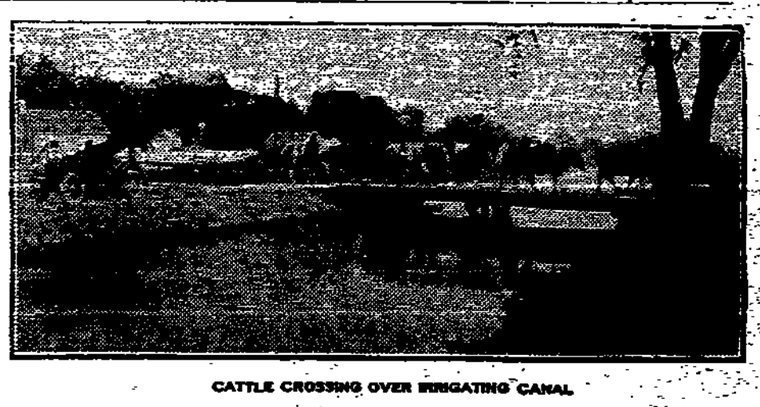
If you don't know much about California Homes and FARMS you owe it to yourself to learn NOW!



CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and POULTRY are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best farms go first.

LAUGHTER AND TEARS.

Why an Outburst of the One May Cause a Flow of the Other.

What is laughter and why do tears so often accompany it?

On each side of the throat is an artery called the carotid. At the level of the larynx this divides, one branch, which carries blood to the brain, being called the internal, the other, which distributes blood to the face, being called the external. These two branches are joined about the level of the eyes by the ophthalmic artery, which forms a canal between them. This communication is the cause of the close connection between the brain and the tear glands, between laughter and grief, both of which are generators of tears.

Physiologically, a burst of laughter is nothing but a strenuous effort, like lifting a heavy weight. In both cases the muscles of the throat and stomach contract.

When laughter is excessive the whole body is convulsed: every muscle is contracted. In the place of normal respiration come short intermittent respirations, insufficient to free the lungs from the semi-asphyxia produced by the contraction of the throat muscles. The face shows the congestion of the blood vessels of the head. Apoplexy may in rare cases result. These muscular contractions compress the external carotid, which can no longer supply the brain with blood. In consequence this rushes up the internal carotid, which becomes choked and dilated. It can stand the pressure only because the ophthalmic artery relieves it. Taking this route the blood congests the tear glands, which overflow.

Tears are exactly the same as the liquid part of the blood. So it is a fair deduction that the action of crying is equivalent to a certain loss of blood, which relieves the congestion of the brain. This is why women feel so much better after a good cry.

The facial contortions of weeping persons are caused by the automatic contraction of such muscles as are needed to compress the tear glands and so help to squeeze out the tears.—New York World.

WISCONSIN WOMAN'S FORTUNE

Freed From Pain, Weakness, Terrible Backache and Despair by Lydia E. Pinkham's Compound.

Coloma, Wis.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOHN WENTLAND, R.F.D., No. 3, Box 60, Coloma, Wis.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
